FROM THE DESK OF PRESIDENT

Shri Dharambhai P. Lathiya
President

Dear Parents,

I heartily welcome & congratulate you for getting your child's admission in "J.B. Diamonds & KARP Impex Vidya Sankul", Laskana, Surat and welcome you to take interest in activities of the school. "Shree Bhavnagar Jilla Leuva Patel Education & Medical Trust" is registered by the Surat Charity Commissioner on 03/07/2002 and has started welfare activities in the fields of Medical and Education without the discrimination of caste and creed at following places:

- | | |
|--|---|
| 1. Matrushree Godavariba Gandabhai Zadafiya Medical Centre & Medical Store , Rudraksh Complex - Hirabagh, Varachha Road, Surat-6. | Started from 14/10/2007 - on the holistic day of Makarsankranti |
| 2. Shree Devrajbhai Bavabhai Tejani Medical Centre and Medical Store , Laxmi Darshan Complex, Opp. Swaminarayan Temple, Dabholi Circle, Ved Road, Surat-4 | Started from October 2007 - on the holistic day of Dashehara |
| 3. J. B. Diamonds & KARP Impex Vidya Sankul - Surat (CBSE) holy day of Akhatrij | Started from April 2009 on the holy day of Akhatrij. |
| 4. J. B. Diamonds & KARP Impex Vidya Sankul (GSEB-Guj. Med.) | Started from June - 2011 |
| 5. J.B. Diamonds & KARP Impex Vidya Sankul (GSEB-Eng. Med.) | Started from June - 2014 |

This age is known as the era of Knowledge & Power, hence the qualitative education is must. In the critical & complex situation more than 90 trustees and the donors have firmly decided to develop this "Vidya Sankul" where education will be given at affordable fees and no donation will be charged from any category of the society. This organization has accepted the fact that our society needs quality education just like every living being needs oxygen to survive.

Different buildings of our Vidya Sankul are constructed and developed under the personal guidance and care of donors and trustees. Ours is the only Vidya Sankul in this area of Surat district where construction is as per the "POST TENTIONING TECHNOLOGY" which is unique in the area. The Vidya Sankul is having two storey ultra modern library, e-library, four computer labs, big halls and spacious "Smart-Digital" fifty classrooms with proper air ventilation, luxurious activity halls, combolab, physics - chemistry - biology and maths independent labs, auditorium and planetarium with unique features of the school's modern teaching system. Our Vidya Sankul is having CCTV cameras for monitoring and security, audio video appliances, modern LCD TVs, LCD Projectors, 5 to 6 meter wide corridors, national level walking tracks, big gardens, play grounds and play zone for all kinds of outdoorsports and many more facilities are available to achieve the desired goals.

FROM THE DESK OF VICE - PRESIDENT

Shri Mavjibhai P. Savani
Vice - President

Dear Friends,

As we know our knowledge can only provide us the power by which we may lead in our lives. Education should be character building through which one becomes independent and can take decisions in any circumstances. This is our goal to put all our efforts to provide students the best facilities in our academic institution where they get self-motivation to learn new things. Our aim is to take out the best potential from each and every child and promote them towards value-based education. We are very much curious and caring towards the service to the nation. Looking to the gigantic and eye opening expansion of the Vidya Sankul, it seems like a dream has come true as our Trust desired to set up the best school in the area where diamond workers are residing with generous donations from our Trustees and by the grace of God, we have succeeded in reaching the current stage to accommodate about more than 14000 students in both the mediums. The school has friendly and parental environment where our students get the chance to grow. I greet all of our parents for their support and pray God to bestow his best on us.

FROM THE DESK OF VICE - PRESIDENT

Shri Bhagvanbhai K. Kukadiya
Vice - President

Dear Friends,

It is a great pleasure and pride for me to present the prospectus of our school "J.B. Diamonds & KARP Inpex Vidya Sankul" which is located in the lap of nature in Laskana, Taluka - Kamrej, Dist. Surat.

We started our admission process with no donation or development fee and without any discrimination of caste or creed on the basis of "first come first served" so that children of the middle and upper middle class families of the society may have quality education at a reasonable fee. For the achievement of this goal, we started with very fast construction, hostel with all the facilities & transportation facilities. I'm also very thankful to the parents for their overwhelming response, patience with co-operation and all time support. Our school has covered over 20 acres of land with 4000 plus students in English Medium having two storeyed library, individual laboratories, a huge playground & many such facilities for the overall development of the students. I am of the opinion and believe that this devout essential educational activities will be converted to a grand success with hard work by teachers & support staff with kind coordination & co - operation between parents & our faculties I believe in saying " hard work is like stairs and luck is like a lift. The lift may fail casually but the stairs always stands up to top"

Over & above, our trust runs two medical centres since 2007 in which over 20 lakhs people have already taken the benefits. These medical centres provides concessional services of almost 50% in medical treatments & 20% in the bills of medicals to the needy parents.

Lastly, with the hope that our both of these sectors (educational institute and the medical centres) will get your support and acceptance let us make this institute a place where the students dreams will come to reality Let us go ahead with positive approach which will result in flourishing, fructifying & prosperous future of ours.

FROM THE DESK OF SECRETARY

Shri Nagjibhai J. Patel
Secretary

This is a matter of great pleasure as well as pride to present the Prospectus of our school. This is well said, "Nothing can stop those who have a strong will and commitment to take on challenges courageously." This quotation says the success of an institution that has been able to do something for the society.

The progress of institution by our best efforts is our goal. We have started the admission process without any donation, caste or creed or discrimination. On the basis of 'first come, first served' the admissions are given so that even middle class families can get their children admitted in our school and have quality education by paying reasonable fee.

Our School is covering about 20 acres of land having hostels with modern facilities, transportation, library, labs and huge playground where students get an environment for multidimensional development. We organize various co-curricular activities, ceremonies, parents-teachers' meet, health check-up camps, workshops and seminars for teachers, students and also motivation for parents.

Our trust runs two medical centers in which more than 20 lakhs people have been benefited by providing concession upto 50% in medical treatment and 20% in medical bills. More than 1500 patients on and coverage per day are availing concessional medical facilities created in the heart of the Surat-city.

I hope all of you to support us in serving our motherland by serving people of society.

State Level Competition RUGBY CHAMPIONSHIP

FROM THE DESK OF TREASURER

Shri Vallabhbhai P. Kansodariya
Treasurer

Dear Parents,

"Shree Bhavnagar Jilla Leuva Patel Education and Medical Trust ", Surat was established in July 2002 by the eminent industrialists & personalities of " The Patel Community" with social welfare and charitable participation in the medical services as well as one of the educational activities as its main objectives. Our organisation basically aims to provide the essential services both in medical as well as educational sectors at very affordable and concessional rates to the common public at par.

As a first step towards educational sector for achieving the goal, our trust has set up and commenced the school named "J. B. Diamonds & KARP Impex Vidya Sankul" in April, 2009, a holy day of "Akhatrij1. The main objective of this institute was to establish an English medium-CBSE affiliated school that could cater to the needs of the migrants of the rural areas who are engaged as skilled workers either in "diamond industries" or "textile industries", as they aspire to provide English Medium education to their children which they themselves were lacking as the existing educational facilities can not fulfill their need either due to their financial constraints or for other genuine reasons. In first year of inauguration we received the overwhelming response having more than 400+ kids up to primary section which itself suggests the demand of an English Medium school having foresight of around development of their kids.

Our Trustees were very eager to give the equal weightage to their mother tongue which has forced us to open a separate "Gujarati Mediums School" w.e.f June-2011. The strength in the inaugural year exceeded 1500+ up to primary section. We are continuously monitoring our progress and trying to accommodate as many kids as possible in our schools without compromising the quality education. In this way, as per the necessity and requirement of the city and region, day by day our institute "J.B. Diamonds & KARP Impex Vidya Sankul " is growing under the umbrella of "Shree Bhavnagar Jilla Leuva Patel Education & Medical Trust" to fulfill the much needed basic requirements. We are having strength of more than 14,000 students during the academic year 2018-19 and our organization is planning to accommodate additional about 6000 students in the near future by creating the required infrastructure, proper manning, teaching aids & amenities.

"Sky is the limit" for us and by the grace of Almighty and healthy generous donations received from our trustees, we successfully reached to this level with of everyone kind co-operation.

Let us join the hands and put this institute at very high altitude.

State players of the year – 2018 – 19 Carrom

MESSAGE FROM THE MANAGING DIRECTOR

Dr. K.C. Patel
Managing Director

It is my great pleasure to introduce to you our institute named J.B. Diamonds & KARP Impex Vidya Sankul - an institute of excellence which was the birth of the vision of Trustee Mandal of "Shri Bhavnagar Jilla Leuva Patel Education & Medical Trust-Surat". Under the dynamic direction and dedicated work of this Trustee Mandal, this complex has been working from 27th April-09, which was inaugurated on the auspicious day of "Akhatrij" with play group - K.G. to Standard VI. The management is not complacent with the progress achieved so far but having an ambitious programmes of adding multi discipline courses in the coming years. Parents are advised to visit our campus and verify the facilities and amenities made available for the alround development of the student prior to seeking the admission in English or Gujarati medium school. Due to very high academic standard, our Vidya Sankul has attracted parents not only from the city & suburb but far away and remote rural areas. Once you visit our campus and we would be sure that this institute has much to offer to students for making them capable of contributing to the progress of nation in future.

We are constructive to develop such atmosphere so that student will always be eager to attend their classes happily & regularly. Our methodology is:

No heavy bag burden No Mental fatigueNo tuition...minimum creative & artistic homework with freedom of learning, understanding, thinking, questioning, problem solving, expression of thought and alround development with good personality by maintaining sound health.

We aim to adopt the "teaching & learning" approach instead of traditional stereotype teaching methodology.

Our organization is a non-professional and working for the common man since its registration in the field of education & medical sectors. Our execution & implementation in the educational sector would be as under:

1. Computer training and internet surfing from the 1st Standard.
2. To teach student how to observe and know the right fact and to support for self decision.
3. Let the student learn, observe understand himself and take the independent decision.
4. We intend to develop good moral character, manner and etiquette through constant inspiration, support & monitoring.
5. To develop intellectual capacity, aesthetic emotional, spiritual and social life of students.
6. Creating attitude to love to learn and impulses out of his/her temperament.
7. Equal importance & weight age in other curricular activities to develop self confidence, impressive personality and to maintain good health.

Our Vidya Sankul is such a place where the students & teachers are having equal opportunity to progress themselves.

We are always very conscious about security & safety of our students. Lastly, I am appraising your choice & welcoming you for selecting this Vidya Sankul for building the bright career of your loving one.

MESSAGE FROM THE PRINCIPAL

Mr. Santosh Nishad
Principal
(CBSE - ENGLISH MEDIUM)

It is great to be the part of "J.B. Diamonds & KARP Impex Vidya Sankul" managed by one of the renowned and reputed trusts in Surat.

The trust has an aim of uplifting that part of society which is financially as well as academically not sound. Although school provides almost all the good facilities provided by any good English medium school, the fee is nominal and there is relaxation in the academic fee of those who are not able to pay the big amount at a time.

The school believes in mental as well as physical development of a child. For the grooming of a child assessment of a child is done periodically in terms of oral tests, written assessments and competitions in the form of extracurricular activities and sports.

There is a famous saying that "child is the father of man", and this is very much true.

The child of present generation is very smart and sometimes they also point out the mistakes done by us. So, from time to time we need to upgrade ourselves. For the overall development of a child, it is essential to show him the outer world, and this is the reason we take our kids for outings like educational tours, excursion, picnics etc.

School is the temple of education and teachers are the priests of this temple. The teachers inculcate good manners and good qualities in a child.

It becomes the sole responsibility of a teacher to provide quality education to the children when they are with them. On the other hand it also becomes the duty of a parent to participate in the activities related to their child and they should understand their responsibilities towards their child at home. We know that home is also called as "Primary school" of a child and parents are the first teachers of a child.

Parents are also welcomed for suggestions if they have any. This will certainly help for the better future of their children.

One famous saying comes to my mind that "Together we win, separated we are ruled". If the parents are with us for improvement of institute they are always welcomed for the development of their children and school will be at higher place.

STATE PLAYERS OF THE YEAR : 2018 – 19 RUGBY FOOTBALL

FROM THE PRINCIPAL 'S DESK

Mr. Malcolm Cyrus Palia
Principal
(GSEB - ENGLISH MEDIUM)

I feel privileged to be a part of our very prestigious school "J.B. Diamonds & KARP Impex Vidhya Sankul" managed by Shri Bhavnagar Jilla Leuva Patel Education & Medical Trust, Surat which has devoted itself all the day and night in doing such humanitarian work.

We have started GSEB-English Medium from June, 2014 on seeing the demand of parents and children's necessity and we got good response from parents. This first academic year 2014-15, we started from Std. 1 to 5th. Session 2015 -16, we up to Std. 8th and from upcoming session 2017-18 will have classes up to 12th. Our goal is to provide such education to our children so as they may develop holistically. We want to prepare our children in such a way that they may stand on their own feet because education is not just a process giving knowledge for future job but a lifelong process which avails an understanding of moral as well as ethical values to guide one's life and make our children well civilized and educated citizens for future. Our motto "To Greater Heights" is at the heart of everything we try to at the school.

We want our children very strong multi dimensionally. As one of the great educationist, C.E.M. Joad has well said, "True education is the harmonious development of the physical, the mental, the social, the moral and the spiritual powers. "In our scriptures a shloka describes "Whatever a student learns throughout his life, out of that one -fourth he only learns from his teachers, second one -fourth from his own intellect, third one-fourth from his classmates and another one -fourth form his life experience."

STATE PLAYERS OF THE YEAR : 2018 – 19 JUDO

FEE STRUCTURE (ENGLISH MEDIUM)

A - CBSE

B - GSEB

Pre-Primary	Class X	Pre-Primary	Class X
16,300/-	29,100/-	16,300/-	25,600/-

State Level Competition RUGBY CHAMPIONSHIP

PRE - PRIMARY SECTION

**Matrushree
Putliba P. Lathiya**

Pre-Primary education has been identified as the most crucial stage in educating a child. The aim is to provide a sound foundation in the development of a child's understanding of right & wrong. Here children enhance their physical and artistic skills. The prime focus at the pre-primary is to promote activity based knowledge in a child-friendly environment with audio-video facilities. Our Kinder Garten Bhavan is so designed to have sufficient day light & air ventilation. Each class room is not having more than 45 students & two teachers to look after each class. It is known and accepted truth that the "Nursery School" is the first step towards sound foundation. The school to a few adults and senior citizens means a teacher in front seated with a desk, books as the main source of teaching and the kids hushed and quiet. In the modern scenario this is not the style of teaching for 3 years old kids. The nursery school is catering to child's social, intellectual & emotional needs. Such pre-primary centers are expected not to provide academics only but their work includes linguistic and social development, increased knowledge, longer attention and improved physical co-ordination resulting a mentally alert and physically healthy child. We are providing pre-school environment like a workshop where students move about & spending their time in small group, learn to work, play together and cooperate with each other.

All classes, corridors etc. of our Kinder Garten Bhavan are decorated with many informative pictures and these things help them grow intellectually. Their painting & coloring skill development, under art activities, promote imitativeness to think, to plan to develop their attention span and to build up their capacities for problem solving. It also helps the kids to socialize and understand relationship. We have provided sufficient tools, play equipments and other activities which help them in developing phonetics sense of music, poetry, appreciation and expand imagination.

In our Kinder Garten, children at play are really at work as we have designed and adopted such activities to cater their cognitive and social development.

Our nursery teachers are acting as nurse, mother, judge and friends for kids.

The Kinder Garten Bhavan is constructed and equipped with toys, photos, play tools, articles, etc : This is done from good amount of donation received from Shri Dharambhai P. Lathiya and his family.

We advise the parents to visit our pre-primary section prior to seeking admission for their loving one.

STATE PLAYERS OF THE YEAR : 2018 – 19 THROW BALL

Primary Section

Shri Manubhai J. Balar
Donor of
Primary Bhavan

Shri Ishwarbhai V. Navadiya
Donor of
Primary Bhavan

Secondary Section

Late J. P. Kansodariya
Donor of
Secondary Bhavan

Shri V.P. Kansodariya
Donor of
Secondary Bhavan

At the primary school level, a child needs closer monitoring and greater support. It is the stage that foundation of overall development of a child is laid, skills and talents are identified, nurtured and enhanced. Students begin to participate in interhouse and class activities of extra-curricular activities. We have covered following activities in addition to the regular academic curriculum:

- a) Yoga & Pranayam : for developing Concentration of mind and memory power.
- b) Music, Dance & Stage Performance : For increasing the self-confidence & overcoming the stage fear.
- c) Karate: For self defence and confidence.
- d) Art-Craft-Drawing : For boosting up the Creativity & Thoughts.
- e) Debate, Group-discussion, public speaking training : For expressing thoughts effectively.
- f) Indoor-outdoor games/sports : For maintaining good health & physique.
- g) Mass P.T. & N.C.C. training : For good health & creating national integrity,
- h) Horse riding & swimming pool : Under future planning.

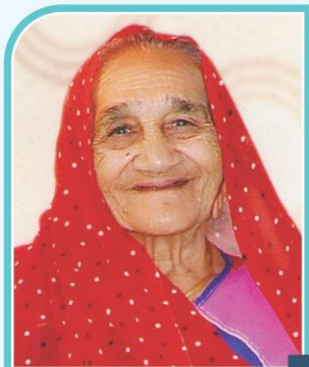

The Primary Bhavan is constructed by adopting "Post Tensioning Technology" & established in 2009 by the healthy donation received from Shri Manubhai Balar, Shri Ghanhyambhai Navadia and their families. Thus, the primary section is given the name as "Balar-Navadiya Primary School."

The Secondary Bhavan is also constructed by adopting latest P.T. Technology & established in 2010 by the financial courtesy extended by Shri J.P. Kansodariya & his family. The secondary section is comprising of the following facilities.

This Secondary Section is accommodating the students of 6th to 10th standards with a provision to have five sections in each standard (C.B.S.E.) up to 10th standard. We are encouraging the students to participate in national level assessment, competitive tests, aptitude enhancement test & other regional / state level competitive exams etc. for sharpening their mental abilities & increasing the self confidence. The regular programmes like recitation, "Inter House Quiz Competition", Spelling competition, Music competition, English debate & elocution competition, etc. are conducted for motivation & honing their public speaking skills. We are inviting experts & renowned personalities from various fields for imparting training & impressive lectures for strengthening their knowledge, proper pronunciation in language and for inculcating good manners to the youngsters for social duties & obligation as a responsible citizen in future, proper counseling at the right time for overcoming the exam fear, special extra classes for student appearing for board exam, the regular tests as per the board pattern so as to make the students familiar with exams and format of papers in board exams.

The constructed area of this secondary building is exceeding 42000 sq-ft with slabs using "Post Tertsioning Technology". The Secondary Bhavan is in the name of Kansodariya Family, started functioning from the Year -2011.

HIGHER SECONDARY SECTION

**Matrushree
Dabalbaa Munjani**

This section is put to use from June-2011. Shri Mohanbhai Munjani & his family has contributed whole heartedly for Higher Secondary Bhavan which is comprising of the following facilities:

This higher secondary section-is accommodating the students of 11th & 12th standards with a provision to have three sections each in 11th - 12th Science and two sections each in 11th - 12th Commerce (two streams - Science & Commerce already commenced and the arts - general stream is under planning). Looking to the acute need of the growing teens, we have created well equipped separate labs for Physics, Chemistry & Biology and a modern audio-video theatre run by the expert faculties. The institute has managed for the additional classes based on the JEE pattern running regularly in the institute. We are also providing solution for the model test papers up-loaded time to time by the C.B.S.E. (New Delhi) & G.S.E.B. Similarly, we are encouraging the Biology students by helping them in solving the model papers uploaded by the board. They are also trained to face the NEET/GUJCET exams. The students of both these streams are clearing their doubts by operating K-12 digital programme made available in our labs & class rooms.

The constructed area of this section is exceeding 46000 sq.ft with ground plus three floors using" Post Tensioning Technology".

FACILITIES

Features of School

- "Science Laboratories" for all subjects.
- "Language Lab" for improvement of language.
- Facility of computers for all classes.
- Conduction of assessments as per board's norms.
- Facility of educom in all classes.
- Good Library having enough study material for all the classes.
- Facility of indoor as well as outdoor games.
- Timely conduction of assessments as per board's norms.
- Co-curricular activities like skating, yoga, karate & Dance.
- Mini Auditorium.
- Multiplex/Auditorium.

FACILITIES & RESOURCES

Staff:

- 1) Highly qualified and the experienced teachers.
- 2) Our academic faculties are computer savvy and special trained in HRD and child psychology.
- 3) Regular training programmes are conducted in the campus by inviting expert team to update the knowledge of the staff members.
- 4) Well informed , helpful and pleasing administration staff.
- 5) Expert drivers, committed assistants & strong positive team work.

Class Room:

Classrooms are spacious, ventilated and equipped with CCTV & speakers, LCD (Plasma) TV along with soft board (4'x3') & interactive board (8'x4') on either side of wall, Separate racks for keeping textbooks & note books in school. All slabs are constructed with "Post Tensioning" by utilizing imported high tensile wires & bars so as to avoid the cross beams across the class rooms & activity halls. None of the class rooms is having size less than 21'.5" x 26'.5" in any of the sections.

The work of "E-class" for first-fifty classes is completed and the balance is being covered within very short period which results in 100% coverage of all the class rooms with E-class facilities.

AV Hall Cum Mini Theater:

We are providing audio visual illustration cum presentation in a separate AV Hall which can accommodate about more than 180 students at a time who in turn learning the concept in very peaceful & comfortable atmosphere as the AV Hall is fully AC. This facility is also utilized for conducting the training, seminar and workshop etc.

NATIONAL LEVEL COMPETITION - ROLL BALL

CO-CURRICULAR ACTIVITIES

Co-curricular activities are the extension of curricular activities. Hence equal importance is given to these activities for the harmonious and integrated growth of the students. The entire co-curricular activities have been broadly divided into.

1) Literary

2) Cultural

3) Physical

Well qualified & trained coaches are regularly conducting the training programmes as under

a) Karate :

For physical fitness & improving self-defence skills.

b) Various sports Activities :

Like cricket, basketball, skating, kabaddi, kho-kho, football, volleyball, tennis etc. for enhancing the physical fitness.

c) Festival Celebration:

All the festivals including the national festivals are celebrated regularly in the traditional dresses under the culture & heritage activities.

d) Debate & recitation programmes :

Our institute arranges competitions regularly in drawing & art, music, singing debate, essay writing, project-works, rangoli, Various quizzes, storytelling etc. for all round development & enhancing the self confidence & personality etc.

e) Music & Dancing :

Well qualified music teacher is imparting training even to KG kids. Our students are actively taking part in inter-school, district & zone level music dance competitions & have secured many medals. The institute is having separate music & dance classes.

f) Art & Craft Activity :

Each section of the institute is having a well trained and qualified art & craft teacher for developing & boosting up the creativity in almost all the students. We arrange art and craft competitions for encouraging the students.

g) Yoga Training:

The yoga training is indebted from primary section and imparted by well qualified coach cum expert for stress and tension free studies.

h) Picnic & Educational Tours:

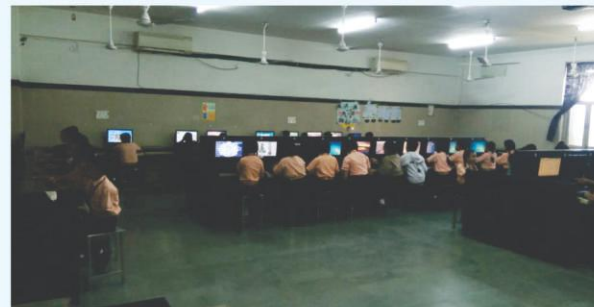

Our Institute is organizing educational tours & picnics keeping in mind the age group and interest of the students. It gives good exposure to the students amongst groups, society, they come from.

COMPUTER LAB

The institute has provided spacious & well equipped computer labs one each in Primary, Secondary & Higher Secondary Section. The Computer learning is incepted since beginning in Primary Section. Computers are not something like alien anymore. rather they are a way of life. No successful Manager or Chief or CEO or M.D. or Entrepreneur can survive without use of potential & speed which can be achieved by the computerization. This is the main concept & cause to provide four separate computer labs in our Vidya Sankul.

All the computers are connected via a Local Area Networks (LAN) on an appropriate server so as to enable our students to expose to latest software & hardware at all the four computer labs. Our computer lab's design allow all the students adequate time to work with computer.

Many reference books in software form & meaningful CD's. etc. are also available in our school library. Separate two computer labs for Gujarati Medium School have already started working since June-2011 which is 4th computer lab in the campus. In addition, both Hostels are also equipped with computer-printer for the Project / assignment.

LIBRARY

School Library is well equipped with variety of books ranging from philosophy, economy, Art, Science, Encyclopedias, Technology. The school has good library with over 13,000 titles and reading hall with more than 25 journals. It is managed by well experienced librarian & a teacher. The books are issued for a week. The library remains open on all working days since morning 8.00 am to 5.00 for the maximum utilisation by the day scholars, hostilities & staff residing in the campus. It is a two storeyed building covering about more than 400 sq. mtrs. area and situated very nearer to the hostel & staff quarters.

The ground floor is equipped with traditional printed literature arranged in the cupboards whereas the upper floor is meant for e-library.
